3. Business Profile

- Nature of Business:***

Deloitte India operates as a premier multidisciplinary professional services network that delivers comprehensive corporate, technology, and financial solutions. The firm serves as a strategic transformation partner for modern enterprises by blending advanced digital integration with high-end regulatory compliance. It functions as a critical market enabler that drives large-scale enterprise engineering, corporate restructuring, and complex cross-border transactions.

- Products/Services Offered:**

The firm delivers end-to-end consulting and technology services by building custom Generative AI systems and migrating complex cloud infrastructure networks. Its financial and risk advisory divisions manage high-stakes corporate finance, white-collar forensic investigations, and algorithmic system audits through local Cyber Intelligence Centres. Additionally, specialized teams handle mandatory statutory financial audits, complex cross-border corporate taxation, and long-term outsourced business compliance operations.

- **Historical Data Requirement:***
Number of backdated years: ____5____
- **Preferred Format:***
☒ JSON via API ☐ Custom Format (describe): _____
- **Expected Volume of API Calls per Day (approx): 500**

5. Technology & Integration

- **Development Ownership:***
☒ In-house ☐ Outsourced (Vendor Name): _____
- **Preferred Programming Stack or Frameworks:**
Python, React.js, etc.
- **Are you currently using any other financial data providers?**
☐ Yes ☒ No
If yes, please mention: _____

6. Intended Use & Application

- **Describe the Platform Where CMOTS Data Will Be Integrated:***
MSME Valuation
- **Will the data be displayed to end users?***
☐ Yes ☒ No ☐ Partially
- **Target Audience for Your Product:***
☒ Retail Investors ☐ Analysts ☒ Institutions ☐ Students ☐ Internal Use Only ☐ Others: _____
- **Expected Commercial Use of Data:***
☒ Free Service ☐ Paid Service ☐ Internal Analytics Only

7. Compliance & Disclosure

- Used in a stock gaming application? ☐ Yes ☒ No
 - Used in a virtual trading platform? ☐ Yes ☒ No
 - Used for academic or training purposes? ☐ Yes ☒ No
-

8. Sales Discovery

- How did you hear about CMOTS?
☐ Google Search ☐ Email Campaign ☐ Conference/Expo ☒ Referral ☐ Social Media ☐ Other: _____
- What is your timeline for integration or go-live?
☐ Within 1 Month ☐ 1–3 Months ☒ 3–6 Months ☐ Not Yet Decided
- Are you evaluating other vendors? ☒ Yes ☐ No
If yes, please mention names: Screener, Accumn, Karza, D&B etc.
