training and other related matters. Responsibility has been explicitly allocated within the company to ensure that company's policies and procedures are implemented effectively. The Board has devised procedures for creating Risk Profiles of new customers and will apply various Anti Money Laundering measures keeping in view the risks involved in a transaction, account or business relationship.

- Company will ensure that its audit machinery is staffed adequately with individuals who are well-versed in such policies and procedures. Concurrent/Internal Auditors will specifically check and verify the application of KYC procedures and comment on the lapses observed in this regard. The compliance in this regard will be put up before the Board at quarterly intervals.
- Company will have an ongoing employee training program so that members of the staff are adequately trained in KYC procedures. Training requirements will have different focuses for frontline staff, compliance staff and staff dealing with new customers.
- Customer Education: The implementation of KYC procedures requires company to demand certain information from customers, which may be of personal nature, or which has hitherto never been called for. This can sometimes lead to a lot of questioning by the customer as to the motive and purpose of collecting such information. Company's front line staff will therefore personally discuss this with customers and if required, company will also prepare specific literature/pamphlets, etc. so as to educate the customer on the objectives of the KYC program.
